Subject Choices

Directions:

- Choose **ONE** of the six colour-coded columns and circle the colour mentioned in the top.
- Within** the chosen column, clearly circle one subject choice in each of the six groups (Groups 1-6).
Exception: Bilingual speakers may choose two languages in Group 1 – and then no language in Group 2.
- You must choose 6 subjects: 3 Higher Level (HL) subjects and 3 Standard Level (SL) subjects.
- Two languages are mandatory (no matter the level). Note: Danish B is not a beginner language.
- If you choose a self-taught language (only SL), please indicate the language that you are fluent in both speaking and writing. You will be mentored by a teacher at the school, but also need to provide a tutor to support you in your native language.
- Danish AB is for absolute beginners only: “AB Initio”.
- If a subject has too few applicants, the class cannot be established – you will need an alternative choice.
A placement test will be set in English, Danish and Maths within the first week of school, and we reserve the right to move students to the appropriate level.

Please note that ...

- Your subject choices are **binding** for the duration of the 2-year IB DP course. However, level choices may be adjusted later.
- Universities in Denmark and abroad often have certain subject requirements. You need to inform yourself **before** making your subject choices to prepare for potential later university access.
