

As of Thursday 29 October 2020, new rules of conduct regarding Corona will be effectuated. Please see a summary of present and new rules below:

Continued as before:

In case you are infected with Corona, you immediately call the school and inform. You need to indicate whether we are allowed to disclose your name, so others are made aware of their potential risk of being infected.

If you have been in close contact (i.e. physical contact or less than 1m distance from the person in question for more than 15 minutes), you need to isolate at home, get tested, and only return to school after an official negative test result.

The school leadership is in communication with “Styrelsen for Patientsikkerhed” (the authorities for patient security) as to Corona spreading in a class cohort. It is they who evaluate the parameters that decide about emergency teaching and/or home quarantine.

New rules from Thursday 29 October 2020:

Face masks or vizor must be worn

by everyone in hallways and common areas – but can be taken off when sitting down in the classroom, foyer, or cafeteria. It is your own responsibility to bring facemasks.

Changed lunch hours for 1g and pre-IB,

with the objective of reducing mass accumulation in the hallways, foyer, and cafeteria. We introduce early lunch for 1g and pre-IB, with 2nd module being cut in two parts of equal length, divided by a lunch break. The modules for 2g/2i and 3g/3i are affected minimally.

This is how the schedule will look:

Module hours 1g and pre-IB

8.00 – 9.40	1st module
9.55 – 10.45	2nd module
10.45 – 11.15	LUNCH
11.15 – 12.00	2nd module, remainder
12.05 – 13.45	3rd module
13.55 – 15.35	4th module
15.40 – 17.20	5th module

Module hours 2g, 3g., 2i , 3i

8.00 – 9.40	1st module
9.55 – 11.35	2nd module
11.35 – 12.10	LUNCH
12.10 – 13.50	3rd module
13.55 – 15.35	4th module
15.40 – 17.20	5th module

Note that it is NOT feasible to change the entered modules in Lectio. Hence it is vital to remember and comply with the indicated hours.

In addition: please do remember to start all modules by disinfecting the tables. This is the teachers' and students' responsibility in the respective classrooms. Sanitizers and paper are placed in all rooms.

Kind Regards
Jens Boe
